DETAILED ACTION

SUPPLEMENTAL EXAMINER'S AMENDMENT

1. This supplemental examiner's amendment replaces the previous examiner's amendment mailed on August 26, 2005. The Examiner mistakenly canceled claim 6 in the previous examiner's amendment, and accordingly, that amendment should be disregarded.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Seth Kim (Registration No. 54,577) on August 18, 2005. The application has been amended as follows:

In the claims:

In claim 1, line 15, replace "the center region" with --only the center region--

In claim 5, line 21, replace "unit blocks" with "non-subdivided unit blocks--

In claim 9, line 8, "the center region" with --only the center region--

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance: the essential difference from the prior art is the step of further subdividing the unit blocks in only the center

region of the fingerprint image. These features in combination with the other elements of the claim and the base claim are not disclosed or suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
